10. Some parents previously unticked both the '1' and 'N/A' option then clicked the 'submit to school' button. This will still send you a confirmation email, saying that your selections have been sent to the school. However, your selection is in fact nothing – meaning that your child doesn't show up in our end of the portal when it comes to allocations. If you look closely at this confirmation email, you can see that it does not have your child's name, any of the supporting information, or number preference.

11. Once you have made all your selections, the sessions will still show up as available signups until the closing date. This is because if your child changes their mind, you can go in and amend the sessions you have requested right up until that date. After the closing date has finished these will all disappear and you will no longer be able to book. After we have allocated the sessions, you will receive a notification from SchoolsBuddy saying which sessions your child has been given. You will also be able to view these in your diary. You will then later receive payment information, and you will pay through SchoolsBuddy.
